Association for Information Systems

AIS.

Who We Are

CACAIS serves society by connecting information systems scholars and professionals in the Central African subregion with those from the rest of the world to advance knowledge and promote excellence in the study and practice of information systems.

CACAIS is a leading association for individuals and organizations leading the research, teaching, practice, and study of information systems in the Central African subregion, aiming at:

- Positioning information systems as a leading profession in the service of society.

- Leading and promoting excellence in information systems scholarship.

- Cultivating a community by providing services and products to meet the diverse needs of members and related communities.
